

## **Purl stitch:**

**Written by Graciela Worth © August 20, 2007**

Going around the last pin, go to the front, second peg, lay the yarn on the front of the peg, with pick tool, fish the yarn thru the loop, that is on the peg, pull the yarn up, forming a new loop, take the old loop out of the peg, place the new loop into the peg, pull the yarn just to make the new loop fit comfortable around the peg.

Repeat this for each stitch that you want to be purlled.
